EXPERIENCE

Senior Product Manager – Toronto Stock Exchange (TMX) 2016–2020

- Led product vision and execution for money.tmx.com and tmxwebstore.com.
- Owned roadmap, monetization models, API integrations, and end-user support (Zendesk).
- Managed cross-functional teams (dev, infra, cybersec) and vendor partnerships. Delivered C-suite analytics (GA, GTM, funnels, black swan events). Built and scaled systems with financial market data and third-party APIs.

Product Manager – Bloomberg LP 2012–2016

- Delivered customer-facing tools and API products (incl. Excel plugin). Oversaw CDN and network security vendors; managed global content delivery.
- Spearheaded embargoed news automation and newsroom platform integrations.

Newsroom Technologist – Bloomberg LP 2000–2012

- Ran operations across 5 Canadian newsrooms, incl. studio/broadcast support. Led tech rollouts, vendor management, and disaster recovery planning.
- Delivered national event coverage (e.g., Republican Primary debates).

Trading Floor Support – CIBC Wood Gundy 1997–2000

- Supported high-pressure trading environments and Y2K implementations.
-
